TERMINAL DISCLAIMER

Kvaerner Pulping AB, ("Kvaerner") is the owner of the entire interest in the above-identified application. The assignment was forwarded to the United States Patent and Trademark Office on 6 November 2001, a copy of which is attached for reference.

Kvaerner hereby disclaims the terminal part of any patent granted on the above-identified application, which would extend beyond the expiration date of the full statutory term of United States Patent No. 6,306,259, and hereby agrees that any patent so granted on the above-identified application shall be enforceable only for and during such period that the legal title

to said patent shall be the same as the legal title to United States Patent No. 6,306,259, this agreement to run with any patent granted on the above-identified application and to be binding upon the grantor, its successors or assigns.

Kvaerner does not disclaim any terminal part of any patent granted on the above-identified application prior to the expiration date of the full statutory term of United States Patent No. 6,306,259, in the event that it later expires for failure to pay a maintenance fee, is held unenforceable, is found invalid, is statutorily disclaimed in whole or terminally disclaimed under 37 CFR 1.321(a), has all claims cancelled by a reexamination certificate, or is otherwise terminated prior to expiration of its statutory term, except for the separation of legal title stated above.

I am empowered to act on behalf of Kvaerner.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
